MOTION FOR EXTENSION OF TIME

On the Air, Inc. ("On the Air"), licensee of KICM(FM), Healdton, Oklahoma, by its attorney, hereby respectfully requests an extension of time in which to file an Opposition to the Application for Review filed by Rawhide Radio, LLC, Capstar TX Limited Partnership, CCB Texas Licenses, L.P., and Clear Channel Broadcasting Licenses, L.P. ("Joint Petitioners") in the above-captioned proceeding. With respect thereto, the following is stated:

1. As set forth above, On the Air is the licensee of KICM(FM), which is currently operating pursuant to a construction permit conditioned upon the outcome of the instant proceeding. As such, On the Air is clearly a party with an interest in the outcome of this proceeding and therefore has standing to participate in the proceeding. On the Air acquired this interest in the proceeding after the last opportunity to file any documents in the proceeding. Specifically, On the Air filed its application for construction permit for modification of licensed facilities on October 14, 2003, after the pleading cycle related to the Joint Petitioners' Petition for Partial Reconsideration had closed, and On the Air therefore could not have participated earlier. During the time that the Petition for Partial Reconsideration remained pending, On the Air's application has been granted, the modified facilities for KICM(FM) have been constructed, and a

covering license application (BLH-20040426AAB) has been filed. While On the Air acknowledges that this construction was undertaken at its own risk, the fact remains that, as the holder of a construction permit conditioned upon the outcome of this proceeding, On the Air is a “party in interest.”

2. On the Air has only recently learned of the filing of the Joint Petitioners’ Application for Review. On the Air was not served with a copy of the Application for Review, nor has there been a public notice concerning its filing. Rather, On the Air learned of its existence by fortunate word of mouth.

3. Given the voluminous background underlying this case, as well as the large volume of the Application Review and its attachments, totaling well over 300 pages, On the Air requires additional time in which to review the document and assess the possible impact of Joint Petitioners’ proposals on KICM(FM). Once this analysis is complete, On the Air must then determine what, if any, opposition or other responsive pleading should be filed. The press of other Commission business prevents counsel for On the Air from turning immediate and sufficient attention to analyzing and responding to the Application for Review at this time. Accordingly, On the Air is hereby seeking an additional two weeks in which to complete its analysis and potentially prepare and file an opposition to the Application for Review.

WHEREFORE, the premises considered, On the Air hereby respectfully requests that the period of time in which to file an opposition to Joint Petitioners' Application for Review be extended through July 20, 2004.

ON THE AIR, INC.
